Sources

Purpose of the material

To help educators to organise the aims and details of their Inquiry.
To help educators to get an 'overview' of their inquiry
To enable educators to see how they may explore their initial Inquiry question

Material

Online copies of the resource
A computer & internet connection
30-45 minutes.

How you can use this material in your practice

Decide on the initial question that underpins the Inquiry;
Move around each of the parts of the document, filling in each of the sections
Use the first three sections to help to write an effective and focused research question.
When complete, keep and use the document as a guide to the overall Inquiry

Debrief - reflection and metacognition

Feedback on the use of the tool

“This made the whole process so much easier - I think it just helped me to see the bigger picture”.

“The step-by-step nature of this task almost forces you to create a high-quality research question - it also helped to remind me that I had to do some reading!”
